Superintendent's Report

Dummer, N. H., February 1, 1934.

To the School Board of Dummer:

I herewith submit the annual report of the Superintendent of School.

As is required by law the schools for last year were in session for 36 weeks. Counting out holidays, teacher's institutes and other no school days, the schools averaged 171 days of actual sessions. The attendance averaged 93.6 per cent.

The Pontook School was open for the complete year ending last June but as the attendance in this school was low, it seemed advisable this year to close this school and the pupils are now being transported to Milan Village School.

During the last complete school year the Superintendent made 49 visits to the three schools of the town.

The work of the school as a whole and different classes have been examined and tested. Standardized tests have been given and the work in general has been kept up to a grade commensurate with other schools. Discipline has been good and both pupils and teachers have, I believe, worked faithfully and conscientiously.

Last June two pupils were graduated from the Eighth Grade of the West Dummer School. There were no graduates at the other two schools.

This year the medical inspection work has been done by Mrs. Nina McCarthy, a registered nurse with experience in school work.

The statistics for the last complete school year follows:
